**South Windham, CT 06266-0340**

**2005 WESTERN REUNION**

Planning is continuing for the 2005 Western WFA Reunion which will just precede the Lewis & Clark Historic Trail Foundation bicentennial celebration in August 2005. Because of a shortage of venue space in Seaside and Astoria, the Lewis & Clark event will have its main venue on the campus of Lewis & Clark College in Portland, Oregon. Watch for details here and on the Website for both this event and our WFA reunion that is being coordinated with it. Don't confuse this event with the Lewis & Clark Decendants project meeting which will be in 2004. As the details become available for this event, they will be posted on the website and in the newsletter. Alexander Willard was part of the Lewis and Clarke expedition.

**NEW LOCATION FOR BOARD MEETINGS**

Thanks to the invitation by our newest Board Member, John Stephens, Curator of the **Willard House and Clock Museum**, future Board meetings of the Willard Family Association will be held at the museum. The museum is located in North Grafton, Mass. What a great opportunity for two Willard organizations to work together. See the map below for Directions.

**WILLARD HOUSE AND CLOCK MUSEUM WINTER HOURS**

Beginning in January, the Willard House and Clock Museum will have special hours for the winter months. They are:

**January through March, 2004**  
Friday and Saturday, 10-4  
Sunday, 1-4  
Other times by appointment.

Willard House and Clock Museum is dedicated to the four Willard clock makers and their extended families. They have a beautiful and extensive collection of Willard clocks displayed in the boyhood home of the clock makers. They also display other items such as antique furniture and other artifacts from the Willard family. No matter where you live, the Willard House and Clock Museum is well worth a visit.
